EXPERTISE

Design leadership: strategy, design ops, delivery & stakeholder mgmt, mentoring, design reviews

Research & design: user research, usability testing, prototyping, design systems at scale

AI for design: AI-augmented design ops, custom GPTs & agents, MCP, Claude Code

Responsible design: accessibility (WCAG, RGAA), eco-design (RGESN), inclusive design

TOOLS & METHODOLOGY

Figma, Storybook, ZeroHeight, Maze, UserTesting, Amplitude, SQL, HTML/CSS/JS · Agile, Scrum, Kanban, SAFe

LANGUAGES

French	Native
English	Fluent
Portuguese	Intermediate

ENGAGEMENT

Since 2025 · **GreenIT**
Since 2024 · **The Shifters**
2019-2022 · Designers Éthiques, Epitech, Red Cross

SPEAKING & COMMUNITY

2026 · Invited speaker, **Capgemini France** design community (accessibility)
2025 · Creator, **Accessible Font Checker** (Figma community) · **462+ users**
2025 · Keynote speaker, **Congrès INFORSID** (digital eco-design)

PM discovery speed

Senior Product Designer with 8+ years specializing in complex SaaS & B2B products, turning friction-heavy, data-dense experiences into intuitive, high-performing, ethical journeys. I pair measurable business impact with design leverage: AI-augmented workflows, scalable design systems, and delivery ownership. I partner closely with PM and Engineering on scope and roadmap tradeoffs to ship reliably.

AI-Augmented Design Leadership

Design Systems at Scale

Accessibility & Responsible Design

Measurable Business Impact

Experience

Sr Product Designer

CoderPad · SaaS technical-interview platform

Jan 2026 - Present

- Scoped and delivered an end-to-end AI-augmented design ops system (custom GPTs, agents, skills, tokens, MCP, plugins, dashboards) aligned with PM, engineering, and leadership priorities, cutting the design-to-review cycle from 21 to 4 days (-81%) and standardizing deliverables from lo-fi to hi-fi across a 3-designer team.
- Designed an AI-assisted grading feature for technical screening, adopted by **60+ companies** in 3 months. Processed **10,000+** test cases, with **+65%** month-over-month usage growth and **95%** of users agreeing with AI decisions.
- Translated user interviews and data analysis into iterative Figma mockups; led design reviews and authored internal guides (accessibility, AI for design) to scale best practices team-wide.

Product Designer

Dualsun · SaaS & IoT B2B solar platforms (sole product designer)

Jun 2023 - Feb 2025

- Redesigned the solar simulator to lift conversion **+14%**, and streamlined IoT mobile-app setup to raise satisfaction and retention across clients and installers.
- Broke a budget-constrained design bottleneck writing dev tickets and shipping reusable templates that sped up PMs' early discovery by **20%**; trained PMs to run their own interviews, cutting research time **50%**.
- Built and scaled a WCAG-compliant design system (Tailwind, Material/Ionic), aligning 2 freelance designers around shared components and specs to keep cross-platform delivery consistent and on schedule.

Freelance Product Designer

EcoDesign · SaaS, B2B & consumer products (multi-client freelance, between full-time roles)

2021 - 2023 & 2025

- Led **Wisecure's** geolocated-security core-journey redesign. Reshaped **HipeKids'** registration journey, driving **+8%** sign-ups.
- Redesigned **Airbus / Alten's** (aerospace, >50,000 staff) production-monitoring dashboard through research-led design. Raised retention and adoption **+20%**.
- Led UX research for **Fnac** and **Allocarrelage** using Testapic. Translated findings into actionable design improvements.

UX Designer & Developer

Orange · Telecom & digital services, VaaS & IoT

2017 - 2020

- Designed the UX/UI and visual identity for the award-winning "Switch Number" app (**1st place**, Orange internal innovation competition); separately served as Scrum Master (SAFe) for the team's core roadmap.
- Simplified a Voice-as-a-Service tool, winning **2nd place** at APIdays 2020 with an eco-designed entry.

Education

MIAGE - Master, IT & Project Management
Toulouse, 2018-2020

MIAGE - Bachelor, Computer Science
Toulouse, 2013-2018

Certifications & Awards

- Digital accessibility audit with RGAA · Access42, 2026
- Responsible Digital knowledge certificate · INR, 2025
- Certified SAFe® 5 Practitioner · Scaled Agile, 2020
